

USE ODIN TO

FIND STATISTICAL DATA SOURCES

ODIN PROVIDES LINKS TO ALL DATA SOURCES IT USES TO CALCULATE SCORES

Locate data and verify ODIN assessments.

ODIN provides links to indicators in 20 data categories for 125 countries.

This repository saves a lot of time as data sets are often scattered and hard to find.

The [Open Data Inventory \(ODIN\)](#) assesses the openness and coverage of official statistics. Scores for 125 countries allow comparisons across topics and countries.
